Notification dated 2nd February 1904.

No. *i.* DRAINAGE AREA.

It is hereby notified, in accordance with Section 16 (1) Regulation No. III of 1903 for the improvements of the City of Mysore, that a scheme for the improvement of that portion of the City described as No. i drainage area has been prepared. The area comprised lies to the north of Bakshi Budankhan's street and Gowligar street and extends to the existing limits of the town on the north. It is bounded on the west by the new Idga road and on the east by the Jalpuri Extension and the road in continuation of Hale Nazarbad road which meets the travellers' bungalow road. The area is divided into drainage blocks bearing Nos. 16, 17, 18, 19, 20, 21, 29 and 30 as indicated on plans.

The particulars of the scheme, a map of the area, and statements specifying the lands and properties to be acquired may be seen at the Chairman's Office, now held in the building known as Lacey's Court, between 11 A. M. and 5 P. M., on office days.

2. The proposed improvements may be summarized under the following heads :—

(1) the opening out of roads, lanes and open spaces with a view to relieve congestion, facilitate drainage and conservancy and to admit sufficient light and air.

(2) the demolition of insanitary houses and conserving of open spaces.

(3) the construction of drains.

(4) the construction of latrines and the provision of other public conveniences.

3. The details of widening the existing lanes and opening out new roads and conservancy lanes in the several drainage blocks are noted below :—

Block No. 16.—Five cross roads, running from east to west, are proposed to be taken off from new Idga road and also five from north to south, in all ten.

Block No. 17.—(1) A new broad road is proposed to be opened from Kalasagere road due east, to join Kaliaman temple street.

(2) A new 30-feet road is also proposed parallel to the above and to the north of it and two minor parallel roads to the previous ones.

(3) Another new road is intended from Idga Extension to meet rampart wall road.

In all 30 roads will be handled in this block.

Block No. 18.—In this block 19 roads and lanes will be dealt with, none of much importance, and mostly intended to remove congestion and facilitate conservancy.

Block No. 19.—Total number of roads handled will be 14 and none of much importance.

Block No. 20.—Total number undertaken will be 17 and the most important of these are, the straightening of the Earangare-Holagere street and opening two new roads Nos. 10 and 11 running east to west to remove congestion.

Block Nos. 21 and 22.—Are in one sheet. Total number of roads to be dealt with will be 12, of these the most important is a new parallel road between Church street and Holagere street.

Block Nos. 29 and 30.—In one sheet. Nine roads will be dealt with for conservancy purposes.
